Remembrance

CAN you imagine a more acceptable
gift than a great, big, beautiful
box of writing paper, a hundred
sheets of paper and a hundred envel-
opes, in white or any one of six differ-
ent exquisite tints—different sizes for
different kinds of letters—all tied with
ribbon to match the tints—the whole
box enclosed in a glazine wrapper that
keeps it clean and fresh till opened?
This is not ordinary, cheap-quality,
just-for-holiday-trade paper—it is the

Symphony Lawn

Writing Paper

—stylish, of best quality, exquisite in
finish and goodness.

Here is a perfect gift—one that will
give pleasure and be useful for months
to come.

Symphony Lawn is correct from the fash-
ionable viewpoint. Your use of it stamps
you as one who possesses refinement and
good taste.

You may have Symphony Lawn in clear,
pure white, or in the following tints:

Twilight Gray Boudoir Blue
Old Lavender Shell Pink
Suff Green Champagne

—and you may have it in smaller boxes al-
so, if you wish.

Costs you from 50c to \$2.00, according to
quantity in the box and style of border you
select.

Fragrance

IF you know someone who loves vio-
lets, and if you could bring arms
and baskets and automobiles full of
violets and literally smother her with
their soft petals and divine fragrance,
then you would not be able to give as
much pleasure as you can by a gift of
one or several of the

Violet Dulce

Perfumes and Toilet Preparations

Because in them are the lasting fragrance
of choicest, freshest violets—their sweetness
captured and imprisoned in extracts and
toilet waters and sachets, and other dainty
toilet accessories, that give pleasure every
day throughout the year.

Here, then, is a perfect gift that can give
true pleasure.

Violet Dulce is made especially for us in
Southern France, under the supervision of
our own expert. For a single ounce of the
essence from which it is made more than
two tons of the wonderfully-sweet Parma
Violets are required.

Violet Dulce Perfumes and Toilet Prepara-
tions are made in our own perfume labora-
tories in Boston, which are said to be the
finest and most up-to-date in the world.

SOME GIFT SUGGESTIONS:

Violet Dulce Extract, ounce, 50c.
Violet Dulce Sachet, ounce, 50c.
Violet Dulce Toilet Water, 75c and \$1.25.

Back From Panama.

W. E. Masterson, who is now in
charge of an extra gang on the Fris-
co at Ada, has only recently returned
from a six year sojourn at Panama
where he was employed in the railroad
construction department of the work.
Mr. Masterson confirms the printed re-
ports of the great sanitary work done
by the government, and says with all
the precautions taken to prevent dis-
ease, it is a man's own fault if he is
sick. He is a great admirer of Col.
Goethals, whom he characterizes as a
man with a stern sense of justice, who
is ready to hear a complaint from the
humblest workman and give him ex-
act justice. Mr. Masterson says that
an earthquake is the only agency he
can conceive of that might damage the
great ditch when completed.

Entered at the Postoffice at Ada, Oklahoma, as second class mail matter.

Many towns are complaining about bad water as a result of high streams from which their supply comes. Once more Ada has reason to rejoice in her unlimited supply from its big spring which is never affected by either drouth or flood.

It is often declared that the English sparrow is an unmitigated nuisance, but we have often noticed these impudent little birds catching insects. They can do much towards paying their way if they keep that up.

All Texas from the Plains to the Gulf seems to be under water. Millions of dollars worth of property has been destroyed and great suffering caused. While sincerely sympathizing with the misfortunes of our native state we again congratulate ourselves that we are in Oklahoma.

All indications point to the early fall of Huerta. The action of President Wilson in refusing to recognize his government and success in tying up the purses of European money lenders is having its effect. Huerta is unable to pay his army and the soldiers are going over to the revolutionists who seem to be well supplied with funds. If the dictator thus falls the president's course will be abundantly vindicated, for that is far better than shedding the blood of American soldiers in that unhappy country.

TRAGEDY.

When a political party has insisted that it must be kept in power to maintain a certain policy; when it has painted in vivid colors the ruin that would follow a departure from that policy; when it has made even intelligent people believe in the accuracy of its predictions of disaster; when all this has happened, isn't it really a tragedy that this party should be put out of office and the policy broken down without causing a ripple of disaster? Isn't it?

It is a frightful ordeal that the standpat protectionists are going through just now, with every one of their predictions going wrong.—Ex.

A LOVELY FACE— BUT UGLY HAIR

How often you see an otherwise lovely face spoiled by homely hair—a face that would be most charmingly beautiful if she only had prettier hair. What a pity!—and how foolish! Because that ugly hair, stringy, dull, lifeless-looking though it may be, can be made as glossy, soft, silky and beautiful as the heart could desire if only taken proper care of.

Harmony Hair Beautifier is just what it is named—a hair beautifier. It is not a hair dye or hair oil—it is just a dainty, rose-perfumed liquid dressing to give the hair its natural gloss and brightness, its natural wavy softness, its natural rich beauty. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Gwin & Mays Drug Co., Main St., Ada, Okla.

COMMENTS ON SPECIAL EDITION OF NEWS

The Ada News is to be congratulated on the excellence of its late booster edition. If the merchants and those having the welfare of Ada and her surroundings at heart do not circulate that edition to the last copy they are overlooking a mighty good bet.—Wetumka Gazette.

The Special Edition of The Ada (Ok.) News was a credit to that wide-awake paper and hustling town of Ada. ADA TELEPHONE RATES LOWERED

Oklahoma City, Dec. 5.—A rate for telephone service that will yield the company furnishing the service 10.19 percent on its investment in a local exchange is reasonable and right, according to an order issued by the corporation commission Thursday afternoon, carrying into effect a new schedule of rates, which the Pioneer Telephone and Telegraph company will be required to charge in the future in the city of Ada.

The new rates are, business special line, \$2 per month; business extension \$1 a month; business private branch exchange sets, \$1 per month; residence, special line, \$1; residence, two party line, 75 cents per month, and residence extensions, 50 cents per month. This carries into effect a general reduction of approximately 25 percent below the rates now charged by the company. The order is effective January 1, 1914.

The company has invested in its properties at Ada approximately \$63,369.13. Under the present rate it has a net operating income of \$7,806.64 per annum, which is 12.2 percent of its total investment, according to the commission.

THE WAY TO PREVENT COLD WEATHER DISEASES

There would be lots less sickness during cold weather if folks would only take ordinary common-sense precautions against it. When you hear there is small-pox around, you don't lose much time in getting your family vaccinated. But lots of you do not use the same good sense in preventing colds, the grippe, bronchitis, pneumonia, typhoid fever, rheumatism and other diseases, some of them very serious and dangerous, and some of which nearly every member of your family is almost certain to suffer from before winter is over unless some medicine is taken to build up the body and put it in perfect order before cold weather sets in.

Vaccination prevents the growth of germs of small-pox in the blood, and puts the system into a proper healthy condition to resist small-pox. Rexall Olive Oil Emulsion is designed as an aid to prevent as well as relieve disease. It strengthens the body to overcome the germs and helps to put your system into the right condition to resist disease.

It contains the four Hypophosphites recommended by physicians to tone the nerves and blood, in combination with purest Olive Oil, to nourish and strengthen them.

You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Rexall Olive Oil Emulsion—king of the celebrated Rexall Remedies—is for freedom from sickness of you and your family. Pleasant-tasting, containing no alcohol or dangerous drugs, you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores in the United States, Canada and Great Britain.—Gwin & Mays Drug Co., Main St., Ada, Okla.

A Pipe Dream.
(By Lee Dean)
The soft light of an old fashioned fireplace,
Sends shadows of red and gold,
And the smoke makes a beautiful picture,
Of the sweetheart I loved of old.

As the smoke of my pipe curls upward
And then seems to settle in place
And makes a fitting frame, dear,
For my sweetheart's lovely face.

Her eyes are blue as violets,
Her hair a warm golden brown.
And the pink of her cheeks soft
Blending
With the cream of her skin soft as down.

Laughing, dancing, eyes they were,
Full of mischief, too!
Sometimes stealing one's own heart,
Sometimes dancing thro.

Just as I thought to steal a kiss,
While the firelight threw a gleam
On the gold of her hair that shimmered and shone,
I awoke, and 'twas only a dream.

School Days for Suffragists.

Washington, D. C., Dec. 5.—A "suffrage school," to teach the rank and file of the suffragists the A. B. C.'s or, in other words, the practical points of the suffrage movement, was opened in this city today and will be continued for two weeks. The attendance includes many of the delegates to the recent national convention here, together with a large number of District of Columbia suffragists. Gilson Gardner has been engaged to teach the "pupils" how to do press work for the cause. Mrs. Nina Paul and Emma Gillette, both of the George Washington College of Law, will explain a few points in parliamentary law and the legal status of women, while Mrs. Mary Ware Dennett, who is corresponding secretary of the National American Woman Suffrage Association, will give a short course on the bibliography of suffrage and its present political status.

When Death Unites, is the title of a fine drama that will be presented at the Grand this evening. It is an adaption from Riley's famous poem, "He Called Her In. Two more pictures, a drama and a comedy, complete the program.

Indiana Y. M. C. A.
Ft. Wayne, Ind., Dec. 5.—That Indiana leads the nation in Y. M. C. A. work is the claim advanced at the forty-fifth annual convention of the state organization, which met here today for a three days' session. Reports prepared for the convention show record-breaking progress made by the Indiana branches of the association during the past year. While the gain in membership has been most marked, still more gratifying has been the progress made in the construction of new Y. M. C. A. buildings. Buildings costing from \$50,000 to \$500,000 have been completed recently in half a dozen Indiana cities. The statement is made that nowhere in the United States are there to be found such modern buildings and equipments for every kind of association work.

WHY ARE YOU SO TIRED

The Weather is Not to Blame for That
"Dragged Out" Feeling.

"This weather simply takes the life
right out of me. I can hardly drag
one foot after the other," said a run-
down, tired out woman, the other day.

We want to say to every such per-
son in this vicinity. Don't blame the
weather, it's your condition. You need
a strengthening tonic and the very
best we know is Vinol which is a com-
bination of the two most world-famed
tonics, namely, the medicinal, cura-
tive elements of cod liver oil and tonic
iron, for the blood.

A case has just come to our atten-
tion from Milford, Mich. "Mrs. Julia
Barber says: "I was run-down and
hardly able to drag about; my ap-
petite was poor and I was not able
to work. My druggist asked me to try
Vinol. The first bottle helped me and
after taking the second bottle I was
able to work and felt well and strong.
Vinol is the best medicine I have ever
taken."

derstanding that your money will be
returned if it does not help you.—

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been
Eating too much meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

BATTLE IN OIL FIELDS OF MEXICO

Brownsville, Tex., Dec. 4.—A twenty-four hour battle near Tula, 40 miles below Victoria, Tamaulipas, in the region of important Mexican oil fields, resulted in a federal loss of 220 according to an official constitutionalist report received at Matamoros late today from General Aguilar the commander in chief in that district. The constitutionalist losses were not stated. Late advices from Victoria said fighting was again in progress.

The battle started Tuesday night. Gen. Carrera Torres commanded the constitutionalists who number 2,000 and Generals Rabago and Arzamendi the federal forces, which was more than 1,000 strong.

Villa Ahumada, Mex., Dec. 4.—Fifty-five hundred rebels forming the nucleus of the army with which Villa says he will march to Mexico City to overthrow Huerta dictatorship, were to enter Chihuahua city, the state capital tonight.

It is in this city that Villa, now in supreme command of the military forces of the revolution, said he would gather about him 10,000 men to start south by way of Torreon and Zacatecas to Mexico City. The report that Zacatecas the capital of a rich mining district, already was being attacked indicated that the rebels forces were in great numbers.

Already equipped with machine guns, artillery and millions of rounds of ammunition by his victories in the north, Villa said he was no longer hampered by inability to get arms from foreign sources, but could readily obtain them from the federals, who are reported to be ready to evacuate their northern strongholds.

The rebel advices were that Fredrico Moya, civil governor of Chihuahua, had made elaborate preparations for the reception of Villa, having put in gala state the palace where Villa now will command, and that Villa probably would occupy home vacated by one of the millionaire residents.

\$100,000,000 IN SUITS AGAINST SUGAR COMPANY

New Orleans, La., Dec. 4.—Fifty-eight suits asking judgments for \$33,879,397 were filed in the United States court Wednesday against the American Sugar Refining company under the provisions of the Sherman anti-trust law, making a total of 130 within the past two weeks against the same concern, seeking damages aggregating more than \$100,000,000.

This haste to file suits against the American company, according to one of the lawyers interested, was due to the fact that the statute of limitations expired Wednesday. The actions are almost identical with those filed two weeks ago by Wogan Brothers, Limited, charging the American company with being a monopoly and having manipulated the sugar market to the detriment of the complainants, all of whom are Louisiana planters, growers and dealers.

Charge Changed to Murder.

Bratlesville, Okla., Dec. 4.—The charge of manslaughter against W. B. Allen, city attorney of Dewey, Okla., is to be changed to murder. This was the statement of W. J. Donohue, county attorney, today. Allen shot Arthur Hines a few days ago, Hines dying the day following. His preliminary, to be held here next Monday, has been transferred from Dewey because of the feeling.

Deer Chews Tobacco.

Spokane, Wash., Dec. 5.—At least two persons whose veracity goes unquestioned among their fellows have brought to Spokane a story of a pet blacktail deer which is a fiend for chewing tobacco. The deer is a 9-months-old buck animal which domiciles near Coolin, Idaho, and his biographers and sponsors are Leonard Paul, owner of a general merchandise store at that town, and Charles Boon, a well-known Spokane hotel clerk. Mr. Paul says the deer appears at his store every day in the year, except Sundays and makes himself a general nuisance until given a chew of tobacco. "The intelligent animal has come to realize that the store is closed on Sunday," said Mr. Paul in Spokane today, "and he fails to show up in town on that day. Though the deer chews like a veteran sailor we have been unable thus far to teach him to expectorate. It may be a serious blow to the foes of tobacco to learn that swallowing a piece of cut plug six days out of the week seems to do no harm to the deer. The deer was found when but a few hours old lying in the brush by the roadside near Priest River, Idaho, by Hugo De Witt, driver of the Priest River-Coolin stage. De Witt took the animal home to his children; who raised it on a bottle, and now it is the pet of every one in the town."

FREE ONLY NINE YEARS OF LIFE; BACK TO CELL

Topeka, Dec. 5.—Arthur Patten, 29 years old, who has had only nine years of freedom, was arrested again today. When Patten was 9 years old he was sent to the reform school for petty thievery. He was paroled, but had been free less than a week when arrested for stealing food from a home. After finishing his unexpired sentence in the reformatory he soon was arrested for burglary and sent to prison.

Last summer Governor Hodges paroled Patten from the penitentiary on the ground that "he never had a chance."

The governor obtained a position for him in a packing house. According to the man's employers, he had worked conscientiously until his arrest today.

Now that the fugitive Navajos have surrendered, the blanket industry will emerge from its period of depression.

FRISCO PLANS FOR BETTER FARM MARKETING

In a circular effective December 1, Frank Anderson, director of development of the Frisco Lines, announces the appointment of E. C. Hoag as supervisor farm marketing, in charge of the marketing branch of the department of development. Mr. Hoag was formerly division freight agent of the Frisco lines at Joplin, Missouri. W. B. Biddle, receiver and Chief traffic officer of the Frisco had the following to say in connection with the appointment:

"We expect farm marketing to be one of the important features of the work of the department of development. We do not expect to revolutionize the present system of marketing in a day, but in investigations covering a period of more than a year convince us that a decided improvement can be made in the interest of both producer and buyer.

"A great many markets heretofore unsupplied or insufficiently supplied will consume a great share of the products for which the farmers along our lines have not so far been able to find a market. We have also satisfied ourselves that along our own rails markets for a great share of the products produced by the farmers in our territory can be found.

"There should be a larger interchange of business between various sections along our lines. Bringing this about will result in improved markets for our producers.

"Our plans as now being worked out do not contemplate interference with any one. On the other hand we believe the railroad is equipped in such manner as to bring together the parties in interest in such a manner that all will profit.

"The bankers organizations recently formed along our lines can be an important factor in working out the marketing problem.

"One of the evils which has resulted in great loss to the producers has been improper grading and packing. The Department of Development has given its attention for the greater part of the past year to the formation of such grading and packing organizations as would establish a standard for the various products. This we believe will not only enable the producers to better and more profitably sell their output, but will assure the buyers of a standard that they can rely upon.

"We are inviting the co-operation of both producers and buyers in working out the problem."

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur
Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

FLOOD SITUATION DOWN IN TEXAS

Dallas, Tex., Dec. 4.—The Texas flood center shifted southward Thursday night toward the gulf, centering from Hearne to Richmond where the Brazos river's big crest continued to do great damage and cause loss of life. At the same time, the general flood situation improved when rains began to let up after three days' continual downpour over most of the state, and creeks in north and west Texas began to fall slowly. Before relief came the floods had overspread five large river basins, from the headwaters of the Sabine in northeast Texas to the San Antonio river in the southwest.

The total loss of life early Thursday night stood at twenty-six. Property damage estimates ranged between \$1,000,000 and \$2,000,000 with Waco and San Antonio as the heaviest individual sufferers. The San Antonio loss was \$250,000 and Waco's damage was expected to be as great.

In Waco, as the water receded, pilfering began, and militia was put on duty in East Waco to guard property in deserted houses and stores. Waco Thursday afternoon also reported its first fatalities, when J. W. Ray and C. McDaniel fell from a railroad bridge into the Brazos and were given up for drowned.

From Hearne, where seven negroes were drowned Thursday in the unexpected rush of the Brazos rise, it was reported that houses, horses, mules and cattle could be seen floating down the river. Several hundred Mexicans and negroes fled from Valley Junction to Hearne when the water began floating away big bales of cotton at the junction. The twenty-seven miles long Brazos levee near Bryan was reported holding well, with the water within three or four feet of its top. The state A. and M. college at College Station, which was without lights Wednesday night on account of floods reported that miles of farm lands bordering the Brazos were under water in that section. At Richmond warnings were sent out for everyone to get out of the Brazos lowlands immediately.

San Marcos, near San Antonio, was caught in a serious flood which lasted only a few hours, when Purgatory creek and the San Marcos river suddenly went out of their banks early Thursday. Considerable cotton floated away at San Marcos.

Belton was building a ferryboat Thursday for use near the center of the city over what are ordinarily city streets. The Colorado river near Wharton was reported to have drowned considerable livestock.

Nooray! Baby To Rule the House

No Longer Do Women Fear The Great
out of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous, twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write today to the Bradford Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

LID CLAMPED IN NASHVILLE

Nashville, Tenn., Dec. 5.—Deputy sheriffs stand guard in front of Nashville drink emporiums today to see to it that the mandate of the criminal judge is enforced.

In a statement delivered from the bench Monday morning to Sheriff Charles W. Longhurst, Judge A. B. Neil called attention to the fact that a great many of the saloonists in Nashville have disregarded his orders and continued in the illegal business. He therefore ordered the sheriffs to have every saloon door locked or to place a deputy in front of every saloon in the city. In answer to this statement Sheriff Longhurst declared that he would execute to the limit of his capacity and power, the court's directions and orders.

That some of the saloonists whom he ordered to close up have been so bold as to threaten to take his life and also to burn his house over his head, was set forth by Judge Neil in his statement. In regard to this he said:

"I expect to have my way about it if I am burned out of house and home and forced to live in a tent on a vacant lot."

Within thirty minutes after the judge issued his statement every saloon in the city put out the "nothing doing" sign, and again Nashville has become dry as Sahara.
